

## INDEX

Our two Raise the Roof Choir SOUND CLOUDS (practice track sites)

Soundcloud can be a bit glitchy, and do different things on different devices. If at first you don't succeed, try again, it may fix itself. And you can always ask for help on the WhatsApp, where I or some helpful soul (probably Techie Tenor St Neil!) will try our best to troubleshoot with you. Download your parts onto a device you can play in the car.

Page 2 has the Alphabetical Index.
